

## **SUBSTANCE OF INTERVIEW**

On November 16, 2006, Applicants' representative, Ronald Schoenbaum, conducted a telephone interview with Examiner John Van Bramer to discuss the outstanding Office Action. Proposed amendments were discussed to address the objections to Claims 44, 45, 57 and 58, and an agreement was reached regarding claim amendments that overcome these objections. Mr. Schoenbaum and Examiner Van Bramer also briefly discussed, but did not reach an agreement regarding, the rejection of Claims 46 and 59 under section 112, second paragraph, and the obviousness rejection of Claims 38-65 over Aggarwal et al. in view of Zaiane et al. No exhibits were presented. Mr. Schoenbaum advised Examiner Van Bramer that Applicants would file an amendment to make the agreed upon changes to Claims 44, 45, 57 and 58, and would file an appeal of the 112 and 103 rejections.
